

## **INTRODUCTION**

### **Autumn 2016**

A selection of new wines have been added this year with a new section for English sparkling wines after we loved the offering from Langham Estates down in Dorset.

After many years of gentle badgering, Barbara Cirotto has redesigned her Cirotto Prosecco Frizzante bottle, so it is now more akin to her popular 'Black Label' bottle.

From the Petite Perriere estate who continue to provide excellent wines we have added a premium Loire Chenin Blanc and a Savennieres.

We have tried to make this year's list a little bit more readable and easier to navigate with greater spacing in Burgundy and moving some house wines to their respective countries. We have also removed some old stock rather than allowing it to clutter up the list. If you ask Steve he'll be able to offer you some off list bargains.

### LES VIGNES D'OC

A partnership between Daniel Orsolini and Claude Serra. Daniel has good experience in export sales, while Claude has been for many years a consultant oenologist to some fairly large producers right across the south of France from the southern Rhône to the Roussillon. In the past year they have started up a négociant company working in the southern Rhône. Vignerons work with 10 properties who together cover some 500 hectares of vineyard. The grapes are grown and the wines are made at the individual properties, but very much under Claude Serra's control.

We import Château Plaisance from the region of Frontonnais near Toulouse where the main grape varieties used are unusual. The wines have to contain a minimum of 50% Negrette, an unusual variety particular to the vineyards of Toulouse, the rest of the blend is made up by either of the two Cabernets, Gamay, Syrah and Cot or Merille. Thus giving the wine its typicity; a very dark colour, a complex nose of crushed black fruits and a full bodied, characterful, and fruity palate. Very good value and delicious, also available in magnums. We have added Alabets 100% Negrette to the range and the top of the range Tot Co Que Cal an amazing dense and powerful wine.

We are the only importer of the amazing award winning wines from Domaine Jean Vullien. The Savoie & Haute Savoie are well known for their ski resorts, also for their beautiful lakes and now for their wines. We highly recommend the *Chignin Bergeron* a rare wine from the *Rousanne* grape variety, as well as the *Mondeuse Cru St Jean de la Porte* - vigorous & deep! The *Gamay* is great and a much cheaper alternative to *Beaujolais*.

## MÉDOC

The Médoc is the whole of the wedge of land north of Bordeaux between the Atlantic and the wide estuary of the Gironde - the united rivers Garonne and Dordogne. The vineyards all lie within a mile or two of its eastern shore on a series of low hills of stony silted soil.

A typical Haut-Médoc is generous but not over-powerful, and in general the wines age well. With the same production as Médoc, Haut-Médoc is rather better known due mostly to the presence of its five first-growth wines.

## ST-ESTÈPHE

A scattering of six hamlets with steepish slopes and wooded parks, St-Estèphe tends to use a higher proportion of Merlot to Cabernet than the communes to the south, producing a strong long-lasting colour and having a coarser, more powerful flavour than Pauillac.

The wine of Pauillac, the only town in the vineyard area of the Médoc, epitomises the qualities of all red Bordeaux - powerful and forceful but with great finesse. *Latour* and *Lafite* are world-famous Pauillac châteaux, however there are some very fine wines from less well-known producers, such as the two hearty cabernet-flavoured examples which follow here.

## MÂCONNAIS

All the wines we import from the Mâconnais are dry, white, made from the *Chardonnay* grape variety and produced by boutique wineries. The 'ABC' - anything but Chardonnay - does not apply here . . . The new Montbellet is so good we decided to list it as well!!

As usual the Talmard family have excelled themselves with their superb *Mâcon Uchizy* 2014 gaining a gold medal at the Concours Général Agricole in Paris 2011. The *Pouilly Fuisse*, from Domaine Denuziller, has finesse & a lovely nuttiness and must not be confused with its closely named rival from the Loire Valley - Pouilly Fumé (of course a fantastic wine too but a *Sauvignon Blanc*!) Finally the *St Veran* is a good value white from Chavet.

### CÔTE DE BEAUNE

The climate is more temperate than the Côte de Nuits with damper winds and the grapes ripen quicker. The wines in general are softer and need less time to mature. The “Plant Noble” is the old name for Pinot Noir and this wine is an excellent example of this grape variety and is an ideal house Burgundy.

### CÔTE DE NUITS

The red wines from this region are usually more concentrated and long lived than those of the Côte de Beaune. The *1er Fixin* from Joliet is a great rustic old fashioned style of wine. Also the range of wines from the *Domaine de Vougeraie* are stunning but very limited in supply.

### PIERRE FERRAUD

The rest of our cru Beaujolais comes from Pierre Ferraud at Belleville-sur-Saône in the Beaujolais. This is a small family-owned company that produces a first rate range of wines. All Ferraud's red wine is aged for a short time in oak (unusual in the Beaujolais) and this helps create the individual taste of each of the crus.

## NORTHERN RHÔNE

This region stretches for ninety kilometres, from Vienne in the north to Valence in the south. The vineyards are on steep hillsides of granite and schist soils, and enjoy a typically temperate continental climate. The red wines are made from pure syrah, and in the case of *Côte-Rôtie*, need at least eight years before drinking

## SOUTHERN RHÔNE

This region starts about fifty kilometres south of Valence and extends as far as Montelimar to the south. The most famous wine from this region is Châteauneuf-du-Pape. We import the superb wines from *Château la Canorgue* in the Luberon and a new addition is the wine from Pasquiers. The rich Plan de Dieu comes from limestone blue-clay soil covered in pebbles. It is 65% Grenache, 25% Syrah, and 5% Carignan, 5% Cinsault and ages 12 months after malolactic. Sablet is from 40year old vines on limestone clay soil on the slopes and is 60% Grenache, 30% Syrah and 10% Mourvedre. Vinification for both is by variety with 15 days maceration and blending is after tasting. The small Gigondas 1.10ha vineyard is 50% Grenache 50% Syrah, fermented together with a 24 day maceration and 9 months ageing in tank

## AUSTRIA

We are very excited to have found a superb range of wines from the Migsich family. The vineyards are on the edge of a small village called Antau in the Burgenland to the South – East of Austria near Lake Neusiedler. The wines from Migsich have not been imported to the UK before so we are thrilled to be the sole importer. The Gruner Weltliner is a fresh easy to drink wine and the Auslese and Trockenbeerenauslese are stunning. A must try!!

### THIRD GENERATION (Nugan Estate, Australia)

BOY05	<b>CABERNET SAUVIGNON</b> 3rd Generation, Nugan Estate	2014	7.16	8.59

We have recently discovered some interesting and world class wines from 'down under'. The wines have great individual style and represent great value being typical of their regions. The Australians have given the world of wine some great characters and technical expertise and in return the old world has finesse and subtlety which is now showing in Australian wine making. We have been very lucky in acquiring some small allocations of the very best from the following growers. Jim Barry from Eden Valley in South Australia with the Armagh. Gary Far, (who also works at Domaine Dujac) the maverick inspiration behind Bannockburn, Victoria.

### HAMILTON RUSSELL VINEYARDS

One of the most southerly vineyards in South Africa, their wines are regarded as the country's best! The vineyard was planted in the early seventies by Tim Hamilton-Russell who has now handed the running of the estate over to his son Anthony. The wines are in huge demand throughout the world and we only get a small allocation every year.

### RUSTENBERG

Rustenberg's wine-growing history goes back over 300 years to 1682. Wine has been bottled at the estate for an unbroken period since 1892. Previous owners include John X Merriman (in 1892) who was to become the Prime Minister of the Cape. In 1941 Peter and Pamela Barlow bought Rustenberg and their son Simon took over running the farm in 1987. In the last 20 years the estate has transformed from distinguished producer on the local scene to a new era South African standard setter on the international stage.

### GLENELLY

Glenelly Estate is in Idas Valley, Stellenbosch, on the southern slopes of the Simonsberg Mountain. Its origins date back to the seventeenth century. Simon van der Stel, Governor of the Cape, gave the land to the French Huguenot François Villion in 1682. In 1812 the estate passed on to Johan Peter de Villiers, who was also French. In 2003 May de Lencquesaing, then owner of the famous Chateau Pichon Longueville Comtesse de Lalande purchased the estate.
