

INTRODUCTION

SPRING 2017

Here is our new 2017 list. We have been joined recently by Andrea Domenicucci who was the sommelier at Whatley manor who brings with him a great knowledge of wine and huge enthusiasm! He has already rejuvenated our shop. We have introduced quite a few new wines to the list and Steve and Andrea will be coming to see everyone to discuss the list soon. Some of the more expensive wines have not increased or in some cases even been reduced!

LES VIGNES D'OC

A partnership between Daniel Orsolini and Claude Serra. Daniel has good experience in export sales, while Claude has been for many years a consultant oenologist to some fairly large producers right across the south of France from the southern Rhône to the Roussillon. In the past year they have started up a négociant company working in the southern Rhône. Vignerons work with 10 properties who together cover some 500 hectares of vineyard. The grapes are grown and the wines are made at the individual properties, but very much under Claude Serra's control.

We import Château Plaisance from the region of Frontonnais near Toulouse where the main grape varieties used are unusual. The wines have to contain a minimum of 50% Negrette, an unusual variety particular to the vineyards of Toulouse, the rest of the blend is made up by either of the two Cabernets, Gamay, Syrah and Cot or Merille. Thus giving the wine its typicity; a very dark colour, a complex nose of crushed black fruits and a full bodied, characterful, and fruity palate. Very good value and delicious, also available in magnums. We have added Alabets 100% Negrette to the range and the top of the range Tot Co Que Cal an amazing dense and powerful wine.

SAVOIE

We are the only importer of the amazing award winning wines from Domaine Jean Vullien. The Savoie & Haute Savoie are well known for their ski resorts, also for their beautiful lakes and now for their wines. We highly recommend the *Chignin Bergeron* a rare wine from the *Rousanne* grape variety, as well as the *Mondeuse Cru St Jean de la Porte* - vigorous & deep! The *Gamay* is great and a much cheaper alternative to *Beaujolais*.

MÉDOC

The Médoc is the whole of the wedge of land north of Bordeaux between the Atlantic and the wide estuary of the Gironde - the united rivers Garonne and Dordogne. The vineyards all lie within a mile or two of its eastern shore on a series of low hills of stony silted soil.

PAUILLAC

The wine of Pauillac, the only town in the vineyard area of the Médoc, epitomises the qualities of all red Bordeaux - powerful and forceful but with great finesse. *Latour* and *Lafite* are world-famous Pauillac châteaux, however there are some very fine wines from less well-known producers, such as the two hearty cabernet-flavoured examples which follow here.

MÂCONNAIS

All the wines we import from the Mâconnais are dry, white, made from the *Chardonnay* grape variety and produced by boutique wineries. The 'ABC' - anything but Chardonnay - does not apply here . . . The new Montbellet is so good we decided to list it as well!!

As usual the Talmard family have excelled themselves with their superb *Mâcon Uchizy* 2014 gaining a gold medal at the Concours Général Agricole in Paris 2011. The *Pouilly Fuisse*, from Domaine Denuziller, has finesse & a lovely nuttiness and must not be confused with its closely named rival from the Loire Valley - Pouilly Fumé (of course a fantastic wine too but a *Sauvignon Blanc*!) Finally the *St Veran* is a good value white from Chavet.

CÔTE DE BEAUNE

The climate is more temperate than the Côte de Nuits with damper winds and the grapes ripen quicker. The wines in general are softer and need less time to mature. The “Plant Noble” is the old name for Pinot Noir and this wine is an excellent example of this grape variety and is an ideal house Burgundy.

CÔTE DE NUITS

The red wines from this region are usually more concentrated and long lived than those of the Côte de Beaune. The *1er Fixin* from Joliet is a great rustic old fashioned style of wine. Also the range of wines from the *Domaine de Vougeraie* are stunning but very limited in supply.

PIERRE FERRAUD

The rest of our cru Beaujolais comes from Pierre Ferraud at Belleville-sur-Saône in the Beaujolais. This is a small family-owned company that produces a first rate range of wines. All Ferraud's red wine is aged for a short time in oak (unusual in the Beaujolais) and this helps create the individual taste of each of the crus.

NORTHERN RHÔNE

This region stretches for ninety kilometres, from Vienne in the north to Valence in the south. The vineyards are on steep hillsides of granite and schist soils, and enjoy a typically temperate continental climate. The red wines are made from pure syrah, and in the case of *Côte-Rôtie*, need at least eight years before drinking

SOUTHERN RHÔNE

This region starts about fifty kilometres south of Valence and extends as far as Montelimar to the south. The most famous wine from this region is Châteauneuf-du-Pape. We import the superb wines from *Château la Canorgue* in the Luberon and a new addition is the wine from Pasquiers. The rich Plan de Dieu comes from limestone blue-clay soil covered in pebbles. It is 65% Grenache, 25% Syrah, and 5% Carignan, 5% Cinsault and ages 12 months after malolactic. Sablet is from 40year old vines on limestone clay soil on the slopes and is 60% Grenache, 30% Syrah and 10% Mourvedre. Vinification for both is by variety with 15 days maceration and blending is after tasting. The small Gigondas 1.10ha vineyard is 50% Grenache 50% Syrah, fermented together with a 24 day maceration and 9 months ageing in tank

We have increased the number of Spanish wines on our list this year due to popular demand. Tremendous progress is being made and the standard of wine is improving all the time. The wines from the Rioja Ugarte are extremely good value. All the reds have time in American oak and the white is light and refreshing made with viura.

AUSTRIA

We are very excited to have found a superb range of wines from the Migsich family. The vineyards are on the edge of a small village called Antau in the Burgenland to the South – East of Austria near Lake Neusiedler. The wines from Migsich have not been imported to the UK before so we are thrilled to be the sole importer. The Gruner Weltliner is a fresh easy to drink wine and the Auslese and Trockenbeerenauslese are stunning. A must try!!

We have recently discovered some interesting and world class wines from 'down under'. The wines have great individual style and represent great value being typical of their regions. The Australians have given the world of wine some great characters and technical expertise and in return the old world has finesse and subtlety which is now showing in Australian wine making. We have been very lucky in acquiring some small allocations of the very best from the following growers. Jim Barry from Eden Valley in South Australia with the Armagh. Gary Far, (who also works at Domaine Dujac) the maverick inspiration behind Bannockburn, Victoria.

CALIFORNIA

CLOS DU VAL

California produces lovely wines. California produces 96% of all wine in the USA. Californian wines survived prohibition & phylloxera.

Clos du Val started producing wine in the Napa Valley in the 1970's and this was closely followed by the purchase of land in the as yet undiscovered Carneros District.

SIMONSVLEI (South Africa)

These wines are very well regarded in South Africa for their quality and good value. Simonsvlei nestles in the picturesque Groot Drakenstein and Paarl Valley with the magnificent Simonsberg (Simon's mountain) as backdrop. The cellar also offers stunning views of Paarl Mountain, the second largest granite outcrop in the world. Furthermore, Simonsvlei is only 40 minutes from Cape Town's Waterfront and 20 minutes from the historic towns of Stellenbosch and Franschhoek.

OAK VALLEY

This historic estate in South Africa's Elgin Valley is more than just a winery. Founded in 1898 the farm is still family run and takes its name from the founders' love of oak trees, 4,000 of which are still planted on the estate today.

Among the vines are apple and pear orchards, greenhouses packed with fresh cut flowers, cattle, free range acorn fed pigs and 30km of mountain biking trails.

Forty-eight hectares of vineyards are planted predominately with Pinot Noir, Cabernet Sauvignon, Merlot, Sauvignon Blanc and Chardonnay the last of which won regional trophy at the Decanter World Wine Awards last year.

Glenelly Estate is in Idas Valley, Stellenbosch, on the southern slopes of the Simonsberg Mountain. Its origins date back to the seventeenth century. Simon van der Stel, Governor of the Cape, gave the land to the French Huguenot François Villion in 1682. In 1812 the estate passed on to Johan Peter de Villiers, who was also French. In 2003 May de Lencquesaing, then owner of the famous Chateau Pichon Longueville Comtesse de Lalande purchased the estate.
